

ERYTECH Pharma S.A.

Whistleblower Policy

Translated from the French for convenience purposes only

Purpose

Erytech Pharma S.A. (together with its subsidiary, “*Erytech*”) is committed to complying with all laws that govern its business. We encourage open discussion of our business practices within the workplace. If you have a good-faith complaint about a possible violation of law or policy, we expect you to report it promptly. Other third parties, such as consultants or vendors, may also report a good-faith complaint in accordance with this policy or the law.

The Company established these procedures to facilitate the reporting of such complaints. The procedures govern (i) receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, and (ii) confidential, anonymous submission of concerns regarding questionable accounting or auditing matters.

The Board of Directors *established a separate whistleblowing policy* that governs our accounting and auditing practices (“Accounting & Auditing Whistleblowing”) to facilitate reporting of complaints about accounting or auditing matters.

The Accounting & Auditing Whistleblowing Policy and this Whistleblowing Policy are a supplement to our Code of Business Conduct and Ethics. We encourage you to reach out to our Compliance Officer, Delphine Martinez, at compliance@erytech.com with any questions you may have.

Scope of Matters Covered

This Policy applies to all violations of our Code of Conduct and Ethics and other violations of law or policy.

Non-Retaliation

We will not retaliate against you for filing a good-faith concern regarding non-compliance with this policy. Nor will we retaliate against anyone participating in the investigation of such a complaint solely because they participated. Finally, we will not permit retaliation by any manager or executive officer. If you believe you have been subjected to retaliation or the threat of retaliation, please file a complaint with our Compliance Officer. We will take appropriate corrective action if you experience an improper response in violation of this policy.

Please be informed that while the filing of a concern pursuant to the whistleblowing procedures contained in this policy is highly recommended, it is not mandatory and there shall be no consequence (e.g., discipline) in the event you decide not to file a concern pursuant to this policy.

Abusive Use

Any individual who uses this whistleblowing procedure in an abusive manner, or to make malicious or unfounded allegations may be subject to disciplinary proceedings.

Compliance Officer

Our Compliance Officer is responsible for administering this policy. The Compliance Officer (or, in case of temporary absence of the Compliance Officer, her designee) is responsible for receiving, reviewing, then investigating complaints under this policy.

Reporting

If you have a complaint covered by this policy, you should report it to the Compliance Officer either directly or via compliance@erytech.com. If the suspected violation involves the Compliance Officer, you should report it to our Chief Executive Officer.

Anonymous Reporting

We have also established a procedure under which complaints regarding Accounting Matters may be reported anonymously. While Erytech will review any anonymous complaints it receives, Erytech will, in accordance with French law, only follow up on anonymous complaints if both of the following conditions are met: (i) the seriousness of the alleged facts underlying the complaint has been established and such facts are sufficiently detailed; and (ii) additional precautions are taken when processing the complaint in order to avoid the potential disclosure of information that could be based on false allegations (e.g., by a preliminary analysis by the Compliance Officer).

Employees may anonymously report these concerns by:

- (i) sending an e-mail at ERYP@openboard.info, which will be delivered to the Compliance Officer;
- (ii) calling our Whistleblower Hotline at +1 877-865-4125;
- (iii) completing the secure web-based form at <https://www.openboard.info/ERYP/index.cfm>; or
- (iv) delivering the complaint via regular mail to the Compliance Officer at c/o ERYTECH Pharma S.A., Bâtiment Adénine, 60 Avenue Rockefeller, 69008 Lyon France.

Employees, or, as the case may be, other third parties, such as consultants or vendors, should make every effort to report their concerns using one or more of the methods specified above. This complaint procedure is specifically designed so that employees have a mechanism that allows the employee to bypass a supervisor he or she believes is engaged in prohibited conduct under this policy. Anonymous reports should be factual, instead of speculative or conclusory, and should contain as much specific information as possible to allow the Compliance Officer and other persons investigating the report to adequately assess the nature, extent and urgency of the investigation.

Receiving and Investigating Complaints

After receiving a complaint, it will be investigated by our Compliance Officer or her designee (or another appropriate department, such as Human Resources or Security, as warranted).

Initially, the Compliance Officer will determine if there is an adequate basis for an investigation. If so, the Compliance Officer will appoint one or more investigators to promptly and fully investigate any claims. If the reporting person identified himself, the Compliance Officer will also confidentially tell the reporting person that the complaint was received and whether an investigator has been assigned. The reporting person will be given the investigator's name and contact information.

The reporting person's confidentiality will be maintained to the fullest extent possible consistent with the need to conduct an adequate investigation. Erytech may find it necessary to share information on a "need to know" basis in the course of any investigation, with your prior consent if legally required.

If the investigation confirms that a violation has occurred, Erytech will promptly take appropriate corrective action against the persons involved. This may include termination. The matter may also be referred to governmental authorities that may investigate and initiate civil or criminal proceedings.

If the Compliance Officer has failed to make the relevant investigations to ascertain the merits of a complaint within a reasonable time, you may directly contact judicial or administrative authorities. As a last resort, and in the event that the Compliance Officer has not processed the complaint within three (3) months from the date on which such authorities are notified, you may make the alert public.

In case of serious and imminent danger, or in case of irreversible harm, you may directly contact the authorities mentioned in the above paragraph or make the alert public.

Retention of Complaints

The Compliance Officer will maintain a log of all complaints covered by this policy, tracking their receipt, investigation, and resolution. The Compliance Officer may provide access to the log to other personnel involved in the investigation of complaints. Copies of the log and all documents obtained or created in connection with any investigation will be maintained in accordance with applicable data protection rules .

If the complaint is not followed by a disciplinary or judicial procedure, the data related to the complaint will be destroyed or archived, after anonymization, within two (2) months following the end of the investigation. If the alert is followed by a disciplinary or judicial procedure, the data related to the alert will be retained for the whole duration of the procedure, and archived for the applicable, prescribed periods.

Transfers of personal data outside of the European Union

The personal data collected in the framework of the whistleblowing system may be transferred outside of the European Union, to the United States, for the purpose of receiving and investigating complaints, so long as such transfer of data is made in compliance with applicable data protection rules.

Rights of individuals identified in the framework of the whistleblowing system

If you are identified in the framework of the whistleblowing system, you have the right to access or to correct your personal data, or to oppose to the processing or investigation of such data for legitimate reasons, in accordance with applicable law. You also have the right to provide post-mortem instructions. You may exercise these rights by contacting the Compliance Officer or directly the Data Protection Manager of the Company.
